

Application

A large scale STUDIO LINE pendant, available with tunable white technology. Its unique beauty and versatility is enhanced by the choice of three matte interior finishes combined with a white exterior. These finishes may be chosen to complement a wide array of interior spaces. A subtle hint of colored light on the outside edge of the beam spread results from the internally reflected light. The result is an eye-catching and elegant lighting effect.

Materials

White high density polyethylene diffuser
Aluminum shield and canopy, white exterior finish
Four steel wires
Transparent connecting cable

NRTL listed to North American Standards, suitable for damp locations
Weight: 104.7 lbs

Electrical

Operating voltage	120-277VAC
Minimum start temperature	-20° C
LED module wattage	123.2 W
System wattage	144.0 W
Controllability	DALI-2 Controlled
Color rendering index	Ra > 90
Luminaire lumens	14,471 lumens (6500K)
LED service life (L70)	60,000 hours
