

**STUDIO LINE**  
**Shielded Pendant luminaires**

A series of STUDIO LINE pendants, this family is available in two sizes. Their unique beauty and versatility is enhanced by the choice of three matte interior finishes combined with two matte exterior finishes. These finishes may be chosen to complement a wide array of interior spaces. A subtle hint of colored light on the outside edge of the beam spread results from the internally reflected light. The result is an eye-catching and elegant lighting effect. An overview of more luminaires from the STUDIO LINE is provided on page 4. Canopy mounted electronic driver.

Molded silicone lens · Aluminum housing and canopy, white or velvet black exterior finish  
 White or black connecting cable

Select the desired interior finish by using appropriate code number as suffix

- Matte aluminum Code number .2
- Matte brass Code number .4
- Matte copper Code number .6

LED color temperatures: 2700 K, 3000 K, 3500 K, 4000 K

BEGA can supply you with suitable LED replacement modules for up to 20 years after the purchase of LED luminaires – see page 186. Further LED technical data including luminous flux, CRI, service life, and dimming and electrical characteristics are provided on the individual luminaire specification sheets, available at [www.bega-us.com](http://www.bega-us.com).

NRTL listed to North American Standards, interior use only  
 Refer to page 185 for more information
