

STUDIO LINE
Shielded Pendant luminaires

A series of STUDIO LINE pendants, this family is available in three sizes. Their unique beauty and versatility is enhanced by the choice of three matte interior finishes combined with two matte exterior finishes. These finishes may be chosen to complement a wide array of interior spaces. A subtle hint of colored light on the outside edge of the beam spread results from the internally reflected light. The result is an eye-catching and elegant lighting effect. An overview of more luminaires from the STUDIO LINE is provided on page 4. Canopy mounted electronic driver

Internal acrylic diffuser · Aluminum housing and canopy, white or velvet black exterior finish · White or black connecting cable

Select the desired interior finish by using appropriate code number as suffix

- Matte aluminum Code number .2
- Matte brass Code number .4
